

Execulink Telecom Introduces 3 Gbps Internet Speed in Ontario

(Woodstock, ON) August 13, 2024 – Execulink Telecom is excited to announce the launch of its new ultra-fast 3 Gbps Internet speed, now available to customers in Ontario. This new speed, which offers up to a 3 Gbps download and upload speed, is designed to meet the growing demand for a fast connectivity to perform high bandwidth activities such as video streaming and gaming.

This new offering positions Execulink at the forefront of internet technology, ensuring customers have access to the best and fastest internet services available. “Our commitment to innovation and customer satisfaction has driven us to bring this new level of performance to our customers, enabling them to stay connected, productive and entertained like never before.” says Ian Stevens, CEO of Execulink Telecom.

The 3 Gbps synchronous plan is available starting today to addresses where technology permits. Existing customers can upgrade their plan with ease, and new customers can sign up for this new speed at www.execulink.ca.

About Execulink Telecom In operation since 1904, Execulink Telecom has evolved from a small independent local telephone company into one of the leading telecommunications providers in Ontario. Through innovation and forward-thinking, we cultivated our local telephony offerings to provide a fullscale suite of telecommunications services including data, internet, television, mobility and advanced voice features. These services are now available to all levels of industry, encompassing 50,000 business, enterprise, government, and residential customers.
