

Execulink Celebrates Grand Opening of New Tillsonburg Location

(Woodstock, ON) November 18th, 2024 – Execulink Telecom proudly hosted the grand opening of its new Tillsonburg location on Friday from 2:00 to 4:00 p.m. at 210 Lisgar Ave, Unit 6. The new space underscores Execulink's dedication to enhancing service access and convenience for its customers in Tillsonburg and the surrounding community.

Since bringing Fibre services to Tillsonburg in 2019, Execulink has been an integral part of the community. The move from their previous office on Broadway to the modern, spacious facility at Lisgar Ave allows the company to provide even better service and support to local customers.

The grand opening event included checking out their new space, meeting and chatting with the Execulink team, enjoy refreshments, and celebrating this exciting new chapter with the community.

"Moving to our new Tillsonburg office is part of our ongoing commitment to serve this vibrant community better," said Ian Stevens, CEO of Execulink Telecom. "We are thrilled to welcome customers to this new location and look forward to creating an inviting space where we can continue to support our customers, showcase innovative technologies like our Smart Home display, and make a positive impact in Tillsonburg."

The new location will continue to offer a full range of services, including Fibre Internet, TV, Home Phone, Mobility and Smart Home services. Execulink looks forward to welcoming customers to the Lisgar Avenue location and continuing its dedication to meeting the evolving needs of the Tillsonburg community. The new location is now open to serve the community, offering personalized assistance and information about the full range of Execulink's services. The office is open Monday to Friday from 8:30am – 5:00pm.

About Execulink Telecom

In operation since 1904, Execulink Telecom has evolved from a small independent local telephone company into one of the leading telecommunications providers in Ontario. Through innovation and forward-thinking, we cultivated our local telephony offerings to provide a full-scale suite of telecommunications services including data, internet, television, mobility and advanced voice features. These services are now available to all levels of industry, encompassing 50,000 business, enterprise, government, and residential customers.
