

## Execulink Telecom Opens 2024 Scholarship Applications

**(Woodstock, ON) June 17, 2024** – Local telecom provider Execulink Telecom is proud to open the applications for the 2024 scholarships, awarding three deserving students with \$500 scholarships to support them on their way to post-secondary education. Previous winners have been from towns such as Woodstock, Lambton Shores, London, Norwich, Plympton-Wyoming, Waterloo, Port Dover and Mt. Brydges.

“At Execulink, we are committed to the personal development of youth in our local communities. We want to help students transition from high school to post-secondary learning with these scholarships,” shares Ian Stevens, President and CEO of Execulink Telecom. “We are extremely proud to help local students achieve their educational goals as they become the next generation of leaders in STEM.”

The recipients are selected based on their community involvement and strong academic standing, with particular focus on mathematics and sciences. Visit [www.Execulink.ca/scholarship-program/](http://www.Execulink.ca/scholarship-program/) for more information. Applications will be accepted until August 15, 2024.

The scholarship program is simply one of the ways in which Execulink gives back to the communities they serve. Local non-profit organizations and events can apply for sponsorships and we are pleased to be involved with events like the recent Turtlefest in Tillsonburg and Ingersoll Firefighters’ Breakfast, countless sports teams, even worthwhile initiatives like Oxford Coldest Night of the Year and Execulink’s own Gifts of Christmas program. For more information or to apply please visit [www.Execulink.ca/community/giving-back/](http://www.Execulink.ca/community/giving-back/)

About Execulink Telecom In operation since 1904, Execulink Telecom has evolved from a small independent local telephone company into one of the leading telecommunications providers in Ontario. Through innovation and forward-thinking, we cultivated our local telephony offerings to provide a full-scale suite of telecommunications services including data, internet, television, mobility and advanced voice features. These services are now available to all levels of industry, encompassing 50,000 business, enterprise, government, and residential customers.
